GUTTER GUARD

newwave
GUTTER GUARD

These are one of the finest, budget-priced gutter guards available. The tear-drop shaped perforations break up water beads, unlike circles which have a tendency to clog and block water from entering the gutter. Simply stated, New Wave gutter guards outperform the competition in productivity and functionality.

Protects gutters from all large debris while allowing steady water flow to pass through.

Tear-drop shaped perforations prevent water beads from blocking flow in gutters.

The 4' length is easily handled for fast installation. When properly installed with with a 7° to 15° slope, leaves, twigs, oak tassels and other debris are blocked and run off the wave-shaped, textured surface.

Protects Gutters from

- Leaves
- Twigs
- Oak Tassels
- Rodents
- Nests
- Stagnant Water
- AND MORE

HANDLES 40 + GALLONS OF WATER PER MINUTE

Product Availability

- For 5" or 6" Gutters
- Colors: Bronze
- Fascia OR Under-Shingle Mount Installation

Leaf Solution gutter guards can be mounted to the fascia or under the shingle.
